

THE BUSINESS CREDIT BUILDING PROCES

Building Business Credit can be a complicated and confusing process so we summarized it into five easy steps!

Business Setup

Register your business with the IRS and your state. Consult with a professional to understand all the tax & legal implications.

STEP 01

STEP 02

Online Identity

Establish an online identity. Lenders like to know that they can find you online.

Business Checking

Open a business checking account and maintain a high bank balance.

STEP 03

STEP 04

Get Tradelines

In order to use your business credit without a personal guarantee you need multiple tradelines on your business account.

Pay Bills on Time

Make sure your bills are all paid on time and soon you will receive more approvals!
